MORE FREE TIME

Taking public transportation can free up a significant amount of time and attention because someone else is doing the driving, which allows riders to spend their transit time reading, working, studying, or being entertained instead of having to watch the road.

A CHEAPER OPTION

You can save thousands of dollars each year by using public transportation instead of paying for fuel, maintenance, parking, insurance, and other expenses that come with owning a personal vehicle.

NEW URBANIZED AREA ROUTES COMING JUNE 2021

Service to Chatham, Rochester, Sherman, and Riverton will return in June of 2021! Unlike the first implementation which focused on providing trips to and from these communities and Springfield during common commute times, the new routes are designed to circulate within each community, providing quick, frequent transportation from dense residential areas to grocery stores and other essential services, with limited service between each community and Springfield throughout the day.
